

## Fepatex FM10

### MANUAL HEAVY HAND PRESS

The Fepatex FM10 is a sturdy hand press which is an affordable all-round option for smaller factories. The attachments can be switched for setting industrial grommets (max. 40mm), curtain rings, turnstiles, oval eyelets, snap fasteners, rivets, and double rivets. With this model, the first operation is cutting a hole, and the second secures the grommet.

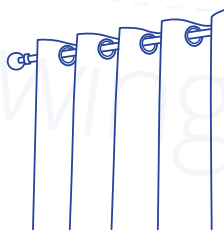

This model is suitable for use with various different materials, and can be set up to work with light fabrics such as mesh or heavyweight ones such as leather or plastic.
