

Juki LU-2810-7

1 NEEDLE, WALKING FOOT LOCKSTITCH MACHINE WITH AUTOMATIC FUNCTIONS

The Juki LU-2810-7 is a 1 needle, direct-drive, unison-feed walking foot lockstitch machine with a large vertical-axis hook. It has added automatic features including thread trimming and foot lift which increase efficiency and make it a very user-friendly.

This model is ideal for sewing medium to heavy-weight fabrics such as leather, upholstery materials, vinyl, and canvas. The unison feed and high presser foot lift of up to 20mm make it easy to sew otherwise tricky bulky or thick items.

APPLICATIONS

A classic lockstitch looks the same on both sides of the fabric and is perfect for general sewing where seams aren't required to stretch. This machine is ideal for non-apparel production, but if you have any questions about your individual requirements then please speak to our friendly team and we'll be happy to help.
