

# Rexel PDP-1

## PNEUMATIC PRESS FOR UPHOLSTERED SEATS

The Rexel PDP-1 is a compact but powerful pneumatic press machine for upholstering seats. It can significantly improve efficiency, productivity, and quality within a manufacturing department. The controls operate on a two-handed button system to ensure the safety of the user, and the press is equipped with a rotary cushion to make upholstery work as simple and easy as possible.

This press is suitable for pressing chair seats and backrests constructed from fabric, upholstery foam, and chipboard.
