

## Juki PLC-2760-7

### 2 NEEDLE POST-BED, UNISON-FEED LOCKSTITCH

The Juki PLC-2760-7 is a post-bed lockstitch with a vertical-axis hook. The long arm and 170mm high raised bed considerably increase workability, making it much easier to complete otherwise tricky sewing processes. It can be used for topstitching or 3D stitching.

This model is perfect for sewing heavy weight fabrics, and is popular with producers of car interiors and upholstery. It has the added benefit of being part of Juki's Eco Products range, and is more energy efficient than traditional machines.

#### SPECIFICATIONS

<b>MAXIMUM SEWING SPEED</b>	<b>2,500 sti/min</b>
<b>MAXIMUM STITCH LENGTH</b>	<b>12mm (forward)</b>
<b>NEEDLE BAR STROKE</b>	<b>40mm</b>
<b>MAX. PRESSER FOOT LIFT</b>	<b>20mm</b>

<b>HOOK TYPE</b>	<b>Vertical double capacity</b>
<b>LUBRICATION METHOD</b>	<b>Automatic</b>
<b>STITCH ADJUSTING</b>	<b>2 pitch dial</b>
<b>THREAD TRIMMING</b>	<b>Automatic</b>
<b>COUNTRY OF ORIGIN</b>	<b>Japan</b>
<b>WARRANTY</b>	<b>12 months (back to base)</b>

#### APPLICATIONS

A 2 needle lockstitch produces parallel lines of stitching on both sides of the fabric and is perfect for general sewing where seams aren't required to stretch. This machine is ideal for non-apparel production, but if you have any questions about your individual requirements then please speak to our friendly team and we'll be happy to help.
