

JUKI®

Juki PS-800 SS12080ANK

1 NEEDLE AUTOMATED PATTERN SEWER

The Juki PS-800 series consists of computer-controlled automated pattern sewers which are ideal for deskillling otherwise time consuming and repetitive sewing processes. Our team will create custom patterns and/or jigs tailored to your production requirements to ensure that you get the most out of this machine.

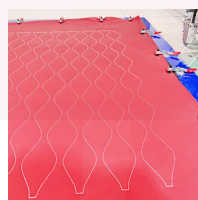

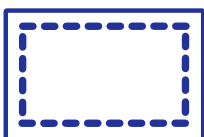

This model is perfect for sewing medium to heavy fabrics, and is used within a wide variety of industries. It has the added benefit of being part of Juki's Eco Products range, and is more energy efficient than traditional machines.
